Color Blox/ Color Blox Mosaics

Porcelain Stone[®]

Color Blox Porcelain Stone[®] tile series from Crossville[®] celebrates the enduring power and infinite possibilities of color. Based on the color-matching theories of Crossville's highly regarded Cross-Colors[®] tile, the Color Blox series combines a fresh yet sophisticated palette of 20 colors with subtle variations in shading and a smooth, minimalist texture. The result is an innovative and visually dynamic material that instantly sparks the imagination of architects, designers and homeowners alike. With its extensive selection of colors, each of which coordinates with at least two to three other colors, the Color Blox series offers the versatility to create uniquely colorful spaces. Complementary mosaics offer additional design possibilities. Whether the design calls for eye-popping impact or understated refinement, the Color Blox series can help fulfill even the most far-reaching visions.

- Each color coordinates with at least 2-3 other colors
- Subtle variations in texture and shading add visual interest
- Cross-Sheen[®] finish for easy cleaning
- Available only from Crossville[®]
- Made in U.S.A.
- Crossville recommends a grout joint of 3/16 to 1/4 inch

Environmentally Conscious

Color Blox is made using Crossville's EcoCycle Tile Process™, it contains a minimum 4 percent pre-consumer third-party recycled content and is Green Squared® Certified. Through these recycling processes Crossville recycles nearly 12 million pounds of previously discarded filtrate and fired tile waste. In addition to its own fired waste recycling, Crossville also accepts and recycles reclaimed, previously installed tile through its Tile Take-Back™ Program. For more information, visit CrossvilleInc.com/green.

Recommended Use

is recommended for interior floors, walls, countertops, and exterior walls in both residential and commercial applications. Altered State is not recommended for exterior horizontal surfaces or exterior paving. If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%. If an offset greater than 33% is specified, specifier and owner must approve mock-up and lippage. See CrossvilleInc.com for detailed installation instructions.

Care and Maintenance

Regular cleaning is the best way to keep Color Blox tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

Our Warranty

Crossville Inc. guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1-2012 and in the performance data section of the Crossville, Inc. general product catalog. For complete details check our website at CrossvilleInc.com.

Wet area use for Color Blox 3 x 3 mosaics

Crossville® produces the Color Blox Mosaics with the Cross-Sheen® (UPS) finish that has an AcuTestsm Wet Dynamic COF $\geq .42$. Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Crossville Mosaics to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

Hydrotect

Our porcelain tiles are available with Hydrotect. Crossville's revolutionary invisible coating harnesses the power of light, water, and oxygen to create the best defense against dirt and pollution. Whether indoors or out, floors and walls stay cleaner, providing a superior experience in any space. For complete details check our website at CrossvilleInc.com.
