

Make It Your Own

Spec has been developing solutions for Behavioral Health facilities throughout North America for over 20 years. All of our products are built with safety and durability in mind, and we offer many options such as bed-bug sealers, CAL 133 fire-retardant foam and moisture barriers to meet the needs of these environments. We recognize the unique challenges that Behavioral Health facilities present to both caregivers and the design community. Contact us today to discuss how Spec can help tailor a solution to meet your specific needs.

Solid Surfaces

Tops and Dignity Series arm caps are available in solid surfaces to assist with infection control.

Laminates

Spec's laminate options are virtually endless. Choose from any standard Wilsonart, Nevamar, Formica, Arborite and Pionite laminate.

Polyurethane Arm Finishes

Three polyurethane arm colors (Taupe, Sterling Grey and Black), are available on Dignity Series, Midway and Companion. Solid-surface arm caps are also available on Dignity Series in a wide range of finishes.

Metal Finishes

76 Spectone colors from our line of powder epoxy coatings, including five textured finishes. 38 matching PVC and 2mm bio-edge finishes are also available.

Wood Arm Cap Finishes

Wood Stains

Best Laminate Matches

Custom stain-to-match available at no upcharge.

Durable Designs That Put **Patient Safety** First

Working with leading Behavioral Health facilities and professionals, Spec has developed a variety of design solutions to meet the demands of this unique environment. With patient and caregiver safety at the forefront of design, our Behavioral Health products withstand intensive use in supervised and semi-supervised environments.

Our attractive, durable designs, available with a wide variety of fabrics and finishes, can help contribute to patient well-being by creating a warm and inviting environment.

PRODUCT FINISHES
Top: Corian® Graylite
Laminate: Wilsonart 7949K-38
Upholstery: Momentum Silica, Regatta

Everyone Deserves to Be Seated with Dignity

Designed specifically for Behavioral Health, Spec's Dignity Series gives you the added confidence needed for this environment.

Dignity1 offers fully molded polyurethane side frames that are durable, yet calming to the touch.

Both Dignity1 and Dignity2 offer Bariatric, one, two and three seat designs. Complete your design by choosing from a wide range of options and features to create a solution as unique as its space.

Dolly available to move single seat Dignity1 and Dignity2 with ease.

Connected Dignity1

Seat Upholstery: Momentum Beeline, Eucalyptus. Back Upholstery: Momentum April, Branch. Side Panels: Wilsonart 7949K-38. Arms: Taupe.

Dignity1 and Dignity2 Features

Dignity1 and Dignity2 enclosed side panels are available in laminate or upholstery. Dignity2 is also available with thermofoil side panels.

Laminate on the inside panel creates a gap between the seat and side panel, reducing concealment points and aiding with cleaning.

Upholstered inside panels close the gap between the seat and side panel to reduce ligature points.

Optional perforated metal under the seat eliminates pass-through between the seat, back and side panels.

Dignity2 with Full Side Panels

Seat & Back Upholstery: Momentum Silica Tech, Mineralize. Side Panels: Momentum April, Mist. Tables: Arborite W-433RM.

Dignity2

Engineered for strength and designed for comfort, Dignity2 is ideal for hard-use applications. Designed with patient safety in mind, the front steel legs are contoured to eliminate sharp edges. All arm caps are field-replaceable.

Available without arms to allow for easy patient transfer.

Two and three seat designs are available with or without half-panel arms between seats.

Dignity2 Features

Field-replaceable polyurethane arm caps in Black, Taupe or Sterling Grey.

Field-replaceable wood arm caps are available in seven standard stains, or stain-to-match at no upcharge.

Field-replaceable solid-surface arm caps are available in a wide range of finishes.

Perimeter side panels feature a contoured design to eliminate sharp edges.

Optional full side panels to the floor.

Warm and Inviting

Common Areas and Activity Rooms

From tables and seating to television enclosures and more, Spec's extensive product offering makes it easy to furnish this challenging environment. Consult our experienced team to address your specific requirements or applications.

Dining in Comfort

Designed to thrive in high-traffic environments, our tables and seating offer simple, clean designs that address comfort, durability and ease of maintenance.

Solid and attractive Heavy Duty tables and chairs have added weight to reduce mobility. For tables, specify Spec's unique 2mm bio edge in any of 38 colors for a "pick-proof" solution. Floor mounting is available for more permanent configurations.

Specify a DuraSpec poly seat for increased durability and easy cleanup.

Solid-surface tops are available to assist with infection control.

Dignity2 Chairs; Elliptical Drum Base

Table & Outside Side Panels: Arborite W-433RM. Seat & Back Upholstery: Momentum Beeline, Eucalyptus. Inside Side Panels & Back Upholstery: Momentum April, Branch.

Safety is in the **Details**

Each product in our Behavioral Health category was designed with this unique application in mind.

Chairs are weighted to reduce ease of movement. Additional weight can be added.

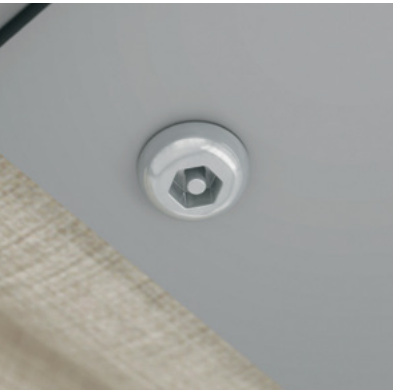

Springless seat construction.

Nickel-plated glides secured with Loctite.

Tamper-proof fasteners are standard on all designs.

Customized solutions are available to address ligature and pass-through.

Optional floor mounting straps.

Zippers are secured and pulls have been removed.

Separate seat and back are available on most models.

Bariatric models available.
