

Enclose[®]

Walls

Office spaces are getting smaller, yet are expected to do more. Reconfiguration for today's workstyles and the anticipation of change is placing a strain on organizations with permanent interior construction. Moveable walls are a smart, responsive alternative, providing a sense of presence, permanence, and acoustical privacy, while ensuring your endless ability to adapt.

More Flexibility, Less Effort

With the look, feel, and performance of fixed construction, Enclose moveable walls offer space-saving, easily adaptable options to create more workspaces in a floorplate, without sacrificing comfort, personal storage, or privacy. Its non-progressive design lets you remove and switch any single panel or door without upsetting the rest. And Enclose can be completely reconfigured with ease, in up to one-third the time of many competitors.

Features

With Enclose moveable walls, the design possibilities are truly unlimited. Floor to ceiling panels achieve a sense of permanence and privacy, while ensuring your endless ability to adapt.

Efficient and agile – Easily installs, adapts, and reinstalls, without disruption, dust, or excessive downtime.

Damage-free installation – Touches the building lightly with mechanical fasteners only at the slab.

Seamless integration – Designed to work with Enclose Frameless Glass walls and doors, and seamlessly transition to conventional construction.

Acoustical privacy of fixed walls – Provides the acoustical performance needed to meet the speech privacy and confidentiality requirements of today's offices, in a moveable wall system.

Colors, Materials, Finishes

Choose Enclose moveable walls in metal, laminate, wall coverings, or wood with finishes to match your caseloads. Or, opt for clear, patterned, or custom glass. Monolithic and segmented tiles are available in framed and frameless designs. Multiple door options—including full-height, double-glazed, frameless glass doors—complete the aesthetic.
