

## product specifications

style name	Composed
style number	098uv
construction	COREtec with XRC
attached underlayment	cork
nominal dimensions	7 in wide, 48 in long

## US units

## metric units

wear layer thickness	20 mil , 0.020 in	0.5 mm
overall thickness	0.216 in	5.5 mm
actual width	7.13 in	18.1 cm
actual length	48.03 in	121.9 cm
finish	Exoguard™	
edge profile	mini micro-beveled edge	
installation	floating or glue down*	
recommended adhesive	30GT400, Shaw 4100*	

## packaging

\*see installation guidelines for detailed information

square feet per carton	28.68
pieces per carton	12
weight per carton	52.91 lbs

## testing

residual indentation	(ASTM F 1914) passes
dimensional stability	(ISO 23999) passes
resistance to heat	(ASTM F1514) passes
resistance to light	(ASTM F1515) passes
resistance to chemicals	(ASTM F925) passes (NALFA 3.4) Class 4
radiant panel	(ASTM 648) Class I
nbs smoke	(ASTM E662) <450
IAQ	Floorscore certified

## warranty

15 year commercial wear  
 lifetime limited structure  
 lifetime limited waterproof  
 lifetime limited pet

## installation methods

ashlar
