

Infinity Air Grate

As today's data center generates more heat load, so has the need increased to deliver more cooling. Until now, only 25% open area perforated panels have been available. A limited capacity to deliver cold air can adversely affect your overheated equipment. Opstock, Inc. proudly introduces the Infinity Air Grate.

- Available Open Area of 55%
- More than doubles the standard airflow delivery
- 1,500 # concentrated load
- 1,000 # rolling load
- Powder Epoxy Coating
- Convenient built in Self Retracting Handle
- Designed to fit into most raised floor systems
- Accommodates both steel and wood core panel designs
- Leveling leg assures smooth edge transition
- Optional (snap on) Quad Damper

Smooth Transition

Leveling Leg

Powder Epoxy Coating
