

High Back with Adjustable Arms

➤ See page 22.4 to specify.

Height	37¼"–45¼"
Width	27¾"
Depth	25½"
Seat height	17½"–22½"
Seat width	20½"
Seat depth	16½"

High Back without Arms

➤ See page 22.4 to specify.

Height	37¼"–45¼"
Width	27¾"
Depth	25½"
Seat height	17½"–22½"
Seat width	20½"
Seat depth	16½"

Mid-Back with Adjustable Arms

➤ See page 22.6 to specify.

Height	34¼"–42½"
Width	27¾"
Depth	25½"
Seat height	17½"–22½"
Seat width	20½"
Seat depth	16½"

Mid-Back without Arms

➤ See page 22.6 to specify.

Height	34¼"–42½"
Width	27¾"
Depth	25½"
Seat height	17½"–22½"
Seat width	20½"
Seat depth	16½"

Mid-Back Stool with Adjustable Arms

➤ See page 22.8 to specify.

Height	44"–53½"
Width	27¾"
Depth	25½"
Seat height	26½"–33¼"
Seat width	20½"
Seat depth	16½"

Mid-Back Stool without Arms

➤ See page 22.8 to specify.

Height	44"–53½"
Width	27¾"
Depth	25½"
Seat height	26½"–33¼"
Seat width	20½"
Seat depth	16½"

Adjustable-arm models are available with choice of:

- Height-adjustable arms
- Height- and width-adjustable arms
- Fully adjustable arms.

➤ See page 22.3 for additional actual dimensions, including kneespace, arm support width, arm cap distance, seat slider and telescoping pneumatic options.

Xtreme seating models are dimensionally consistent and meet or exceed the applicable BIFMA/ANSI standards.

Statement of Line	▶ See page 22.1
Planning	22.2
Pricing	22.4
Surface Materials	22.10

Outer back is fully upholstered.

Adjustable-height back, standard on all models, allows proper positioning of lumbar, helping prevent lower back fatigue and ensure comfort. Back adjusts through 6 positions over a 3¼" range.

Arms have a structural metal upright encased in an injection molded, glass-filled nylon shroud. Arms are secured to the chair with metal brackets and ¼" fasteners.

Black, glass-filled base, is available on high and mid-back chairs, is textured for scuff resistance.

Base on stool has a metal under-structure and a two-piece polypropylene overlay and lower shroud.

Two densities of CFC-free urethane foam provide seat and back with consistent comfort and appropriate contours for superior ergonomic support.

Adjustable arms adjust in width via a lever to one of 4 positions within a 3" range. Push button allows arm height to be adjusted and locked into one of 7 positions within a 2½" range.

Fully adjustable arms combine the standard height and width adjustments with the added benefit of a pivot adjustment. Pivot adjustment allows arm caps to rotate inward or outward to one of 3 different positions over a 30° range.

Black, dual-wheel casters for use on carpeted floors are standard.

Soft, black, dual-wheel casters are available as an option and should be specified for use on hard floors. Upcharge applies.

Details

Standard

TB133 compliant

Arms caps on TB133 models have a different profile than those on standard models.

Outer shell is injection-molded polypropylene.

Inner shell is blow-molded polypropylene, designed with a deep ribbing pattern to ensure rigidity.

Seat cushions have 2¼" base foam, plus a ¼" soft topper pad to enhance comfort and reduce fatigue.

Back cushions have 2¾" contoured base foam to enhance comfort and reduce fatigue.

Seamed slipcover-style upholstery on both the back and seat accommodates a wide variety of fabrics and leather.

Seat slider models allow the user to set the depth of the seat to match their physical requirements. Seat depth is adjusted via a single lever and locks in one of 7 positions within a 1¾" range.

Adjustability Features

Synchro-tilt	•
Swivel	•
Pneumatic height	•

• = standard ◊ = option

Synchro-tilt mechanism provides fully synchronized seat-to-back movement with a 2:1 ratio. For every 2 degrees the back moves, the seat angle changes 1 degree. Other features:

- Free-float movement allows user to lock the chair in multiple positions within the range of movement using a single lever.
- Anti-kickback clutch controls forward movement of backrest when the lock is disengaged.
- Reclining tension adjustment is user friendly and accommodates a wide range of weights via a single lever on the left side of the chair (as seated).

Seat height is adjusted pneumatically. Range varies with model and choice of options from 15¼"–20½" to 17½"–22¼".
▶ See page 22.3.

Telescoping pneumatic cylinder (P3) is available on desk chairs for lower seat-height requirements. Upcharge applies.

Foot ring on stools is height adjustable in 1" increments with a total range of 4". Foot ring is tubular and wire steel.

TB133

TB133 fire code treatment is available on select Alliance Program upholstery.

➤ See the *Kimball Surface Materials Reference Guide* at www.kimball.com.

How to Specify

For each upholstery grade step in the model specification, combine the Alliance partner designator and fabric grade as follows:

ARC[grade] = Arc Com
CAR[grade] = Carnegie
CFS[grade] = CF Stinson
LDI[grade] = EnviroLeather
KNL[grade] = KnollTextiles
MHM[grade] = Maharam
MAF[grade] = Mayer Fabrics
MOM[grade] = Momentum
ULT[grade] = Ultrafabrics

➤ See the corresponding Kimball upholstery pricing page for complete "How to Specify" steps.

IMPORTANT: Orders cannot be cancelled for chairs specified with Alliance Program upholstery.

Contrasting upholstery is available. Use an electronic specification tool for accurate pricing.

COM Yardage Requirements

Surface Materials

Statement of Line	➤ See page 22.1
Planning	22.2
Pricing	22.4
Surface Materials	22.10

- See the *Kimball Surface Materials Reference Guide* at www.kimball.com for a complete overview of the Kimball materials program, including:
- Characteristics of wood
 - Special wood finishes
 - Customer-specified laminate (CSL)
 - Customer-specified paint (CSP)
 - Fabric application and colorways
 - Customer's own material (COM) overview
 - Alliance program
 - TB133 process

Kimball has analyzed each model to most accurately reflect the COM/COL yardage requirements shown at right. The yardage requirement for each model is based on 54"W fabric and cutting the fabric up the roll.

For widths other than 54", increase the yardage requirement by the factors below:

<i>Fabric width</i>	<i>Increase yardage</i>
50"–53"	15%
48"–49"	30%
45"–47"	45%

When ordering 10 or more chairs in the same COM, yardage requirements may be reduced.

➤ Contact Customer Service.
