Upholstered cushions only With hardware to attach to shell	<p align="center">BPCS Family: 1URC (Must configure seat &amp; back separate)</p>							

Note 1. No kit part is available for the loose seating. Order the FSSU family and select any fixed seating application if needed.

Note 2. No kit or family exists for the fixed seating shell with hardware included. Use the FSSU family and order hardware separately.

Note 3. No family exists for the tandem shell units. Configure BPCS family MODTU with the appropriate model number and remove the configured component MDST/xxx or MDSB/xxx from the level 1 bill of material and enter on an order line separately.

Note 4. No kit or family is available for loose seating. Use the family FSSU and order the required hardware on a separate order line.

Shell Colors Available: BC, BD, BL, BS, EW, GR, JU, LG, MN, MS, PS, RG, RS, SA, TG, TH, WG, YH (also available in FR – insert FR after color)
