

■ KI's 2006 AWARD-WINNING HEALTHCARE PRODUCTS

SOLTÍCE®

Winner of Best of NeoCon Silver 2006,
Interior Design Best of Year Roscoe Award 2006
and The Nightingale Award 2005

SOLTÍCE, an award-winning collection of healthcare furnishings designed by Daniel Cramer and Paul James. Sophisticated, classic lines softened by feminine sensibility...simple...natural, with a human touch. From patient rooms to lobbies to administrative areas, each piece in the SOLTÍCE collection works in harmony with patients, family and staff to create healing environments that are comfortable rather than clinical.

The Nightingale Awards

Winner of the prestigious
Nightingale Award presented
at Healthcare Design 2005

LaResta® Winner of The Nightingale Award 2006

Innovative. Intuitive. Ideal. The LaResta day bed is the perfect solution to the heightened demand for guest sleepover accommodations in patient rooms. Its elegant design makes conversion from sofa to sleep surface smooth and simple. LaResta's modern silhouette offers multiple configurations that accommodate a range of healthcare interiors and storage needs.

The LaResta day bed...continuing the KI tradition of excellence in creating furniture to meet the needs of patients, family and staff.
