

FRETWORK

4 patterns available in 24 colors

Milliken™

Brise Soleil in Luniform, monolithic tile installation

Fretwork

Fretwork brings unprecedented detail through precision and lightness of line. Rhythmic, interlacing mathematical patterns create a lace effect that is both modern & architectural—almost as though there is a delicate geometric scrim stretched across the floor plane. Fresh white lines or soft dark lines offer exquisite precision line quality through the use of advanced digital technology. The fine interlocking patterns achieve the rare dichotomy of large-scale pattern that becomes a subtle, understated textural plane.
