

Jive®

Collaborative and Side Tables

Whether it's a quick collaboration or casual lounge interaction, Jive collaborative and side tables support today's needs in environments where people work and socialize. Jive also fosters a healthy workplace through a wide range of shapes, sizes, and bases—offering comfort for a variety of postures. As needs change, Jive tables makes it easy to reconfigure rooms or floorplates.

HAWORTH®

Variety and Choice

Sitting or standing, at work or while relaxing, people require varied table heights to serve their needs. Jive collaborative and side tables support the range of activities they engage in throughout the day, including height adjustability to keep people moving.

Features

Refined, practical design features—including thoughtful color and finish options—create variety and efficient space planning for seamless integration into any environment.

Up to five top shapes and two edge options (edgeband and knife edge) – Contribute to expansive offering and design freedom; tops range from 24"–42"; round, pebble, and square top sizes: 30" and 36".

Five fixed-height options – Promote a variety of postures and workstyles for occasional, lounge, side, and café applications; height ranges: 16", 20", 29", 36", and 42".

Disc base – Offers height adjustability for posture preferences with simple to use pneumatic mechanism; height range: 27"–44"; also available in two fixed heights (29" and 36"); top shapes: round, square, pebble, rectangle, racetrack.

X-base – Provides application breadth and user posture preferences with up to five fixed-height options (16", 20", 29", 36", and 42"); power-ready option enables device charging; top shapes: round, square, pebble.

Die-cast aluminum feet – Available in painted or polished finish.

Glides – Offer leveling capability for top alignment, whether table is stationary or mobile. X-base and disc base.

Casters – Offer leveling capability for top alignment, whether table is stationary or mobile. X-base only.

Colors, Materials, Finishes

Offered in standard Haworth laminate and wood finishes with edgeband and knife edges, allowing Jive to coordinate across the broader Haworth product platform.
