ERNESTO GISMONDI

The father of Artemide, Ernesto Gismondi propelled his involvement in the Memphis Design movement into profoundly revolutionizing the field of lighting design in both Italy and the world.

Born on Christmas Day, Gismondi began his career as an Aeronautical Engineer. Bringing industrial concepts, materials and finishes into lighting designs for both domestic and public space underlines Gismondi's adherence to meaningful innovation.

Recognizing his international contributions to the field of lighting manufacture, he was awarded a Compasso d'Oro lifetime achievement award in 1995.

DECO

Although minimalistic, Nur has a decorative valence. Its contemporary robust dome-shaped diffuser adds a touch of personality, filling any modern interior with a soft, subtle light.

TRANSITIONAL

A minimal design, Nur complements any environment. Available in suspension and ceiling, its design is at a crossroad of classic and modern lighting - a fixture capable of effortlessly complementing any space, whether residential or commercial.

REIMAGINED

Nur has been reimagined in LED, to adapt to today's standards of intelligent, eco-friendly, and energy efficient lighting.
