Product Compliance Laboratory
Confirmation of Product Compliance

LABORATORY ACCREDITATION BUREAU *a division of A-S-8* **ACCREDITED**

BIFMA MEMBER

6/16/2015

Steelcase **Worktools Airtouch adjustable height worksurfaces** have been designed, engineered, and manufactured, to meet or exceed all applicable **ANSI / BIFMA (American National Standards for Office Furnishings)** requirements for safety and performance.

Samples representative of current production have been tested and found to be in compliance with the following ANSI / BIFMA test requirements:

ANSI / BIFMA X5.5 Desk and Table Tests

In addition to the ANSI / BIFMA standards the Airtouch product has been tested and found to be in compliance with the following standards.

CAN/CGSB-44.227-2008 Free-standing Office Desk Products and Components

UL 1286 Standard for Safety of Office Furnishings[1] (including the flammability requirement of)
Flame Spread Index (FSI) less than 200
Smoke Developed Index (SDI) less than 450 (unless labeled "Smoke Developed Index Over 450")
When tested to UL 723 Surface Burning Characteristic of Building Materials[1,2] (ASTM E 84 or NFPA 255 test methods)

The product meets the requirements of
NFPA 101 Life Safety Code Class C Flammability

Test Sample	Flame Spread Index	Smoke Development Index
Laminate work surface	150	30
Veneer work surface	120	80

[1]This specification is not included in the scope of accreditation.
[2] Where applicable compliance to the UL Standards is evidenced by UL labels affixed to the product.

Steelcase uses its own ISO 9001 registered and ISO 17025 accredited laboratories, and accredited independent laboratories, to verify compliance to the Standards and requirements listed. A list of accredited independent laboratories is available upon request.

Sincerely,

Jeff Musculus – Director, Global Testing, Codes & Approvals
