

This information applies to Fabric Back and Horizontal Slat Back chairs

**Environmental Attributes**

- Product Category — Seating: Guest
  
- Certifications — SCS Indoor Advantage™ Gold certified for indoor air quality in North America
  
- LEED Contribution — Recycled content  
 — Regional materials  
 — Rapidly renewable materials  
 — Low-Emitting materials
  
- Environmental Facts — Up to 11% recyclable  
 — 1% recycled content

**Recycled Content Summary**

Model	Total Weight (lbs)	Recycled Content (lbs and %)		Post-Consumer (lbs and %)		Pre-Consumer (lbs and %)		Recyclability (lbs and %)	
Fabric Back	20.4	0.2	1%	0.1	0%	0.2	1%	2.3	11%
Horizontal Slat Back	17.3	0.2	1%	0.1	0%	0.1	1%	1.5	9%

**Disclaimer**

Numbers may vary based on model and options selected. Calculations based on Oriana Fabric Back and Horizontal Slat Back chairs of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post consumer + ½ pre-consumer
			Fabric Back – (0%) + (1%) = 0.2% Horizontal Slat Back – (0%) + (1%) = 0.2%
	Materials & Resources	MR 5 (regional materials)	Oriana® is assembled in Reynosa, MX. Projects ≤ 500 miles from these locations qualify.
	Materials & Resources	MR 6 (rapidly renewable materials)	Steelcase offers textile and surface material options that may contribute to this credit.
	Indoor Environmental Quality	IEQ 4.5 (low-emitting materials)	Oriana® is SCS Indoor Advantage™ Gold certified for indoor air quality in North America.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	See MR 4 above.
	Materials & Resources	MR 6 (rapidly renewable materials)	Steelcase offers textile and surface material options that may contribute to this credit.

**Other Credit Contributions**

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Indoor Advantage™ and Indoor Advantage™ Gold are trademarks of Scientific Certification Systems.

Refer to [www.usgbc.org](http://www.usgbc.org) for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Global Environmental Performance (616.247.2996).
