Health Product Declaration v1.0 - hpdcollaborative.org - Page 1 of 3

The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit hpdcollaborative.org.

CONTENT IN DESCENDING ORDER OF QUANTITY

All ingredients must be assessed for health warnings against Priority Hazard Lists, regardless of disclosure level. Priority Hazard Lists and information on the GreenScreen Benchmarks can be found at www.hpdcollaborative.org/hazardlists.
GS: GreenScreen Benchmark; **RC:** Recycled Content, **PC:** Post Consumer, **PI:** Post Industrial (Pre-consumer), **BO:** Both; **Nano:** comprised of nanoscale particles or nanotechnology

Name	CAS RN	% weight	GS	RC	Nano	Role
Hazard A	Warning A					
Hazard B	Warning B					
Hazard C	Warning C					
Hazard D	Warning D					
Hazard E	Warning E					
Notes						
POLYETHYLENE TEREPHTHALATE (PET)	25038-59-9	97.5 %	LT-U	N	N	KEY FIBER FOR YARN AND FABRICS
None found	No warnings found on HPD Priority lists					
Titanium dioxide	13463-67-7	0 - 2.5 %	LT-1	N	N	Dye-stuff (in case of need)
CANCER	NIOSH-C: Occupational carcinogen (also in Prop 65, IARC, MAK)					

CERTIFICATIONS AND COMPLIANCE

Certifying Party = First: Manufacturer’s self-declaration; Second: Verification by trade association or other interested party; Third: Verification by independent certifier (ideal).
Applicable facilities = Manufacturing sites to which testing applies.

NOTES

Création Baumann had itself ISO 9001 certified recently. The ISO 9001 standard certifies the establishment of an integral quality management system allowing for further improvements with regard to quality and sustainability—across the entire value creation chain of a company. Création Baumann strictly avoids any harmful residues in its products. Thanks to the Oeko-Tex Standard 100 certification, customers are immediately informed of this and can thus rest assured that they have acquired a product of high quality that bears no risks to their health. Whenever possible Création Baumann uses cotton of the label swiss+cotton: The perfect Swiss finish with its high social and environmental standards guarantees the best possible material quality and innovation Création Baumann have achieved inclusion on the premium list of ECOspecifier Product Assessment Program in Australia with articles listed under the headings of Hospitality and Healthcare.
