# Introduction

## A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

### Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

### Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

### The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

## General Information

This book is effective April 1, 2019, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit [www.HermanMiller.com](http://www.HermanMiller.com).

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

### 20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Wall Mounted Door Case

CH210.

Product Information

**Description**  
These cases attach to a hanging cleat to provide storage below a work surface, trash solutions, or act as sink cabinets. The trash cabinet accommodates a 7-gallon waste bin. Finish applies throughout.

**Notes**  
When specifying full door with trash opening (DT), waste bin not included. See Planning Guide for recommendations.  
Order work surface or work surface with sink separately.  
When using cabinet as a sink cabinet, a fixed panel front option is recommended to hide plumbing.  
Full door with trash opening (DT) storage option cannot be used as a sink cabinet.  
All storage options have adjustable shelf.  
Case height is 20".  
Order the following products separately:  
• Hanging cleat (CH100.)  
• Ganging hardware (CH110.)

<b>MS</b>	metallic silver	+\$0

Product Information

Description

These cases provide storage below a work surface, trash solutions, or act as sink cabinets. The cases sit on a plinth base with 1½" adjustable glides. The trash cabinet accommodates a 7-gallon waste bin. Finish applies throughout.

Notes

When specifying full door with trash cutout (TC), waste bin not included.

See Planning Guide for recommendations.

Order work surface or work surface with sink separately.

Order plinth base (CH250., CH255.) separately.

When using cabinet as a sink cabinet, a fixed panel front option is recommended to hide plumbing.

Door with trash cutout (TC) storage option cannot be used as a sink cabinet.

All storage options have adjustable shelf.

Order ganging hardware (CH110.) separately.

Sloped Top Overhead StorageCH310.

Product Information

Description

These overhead storage cabinets attach to an architectural wall with a hanging cleat. They are available in several sizes and storage configurations. All storage options include an adjustable shelf.

Notes

- Order sloped top panel (CH315.) separately.
- Order hanging cleat (CH100.) separately.
- Overhead cabinets wider than 36" have vertical divider.
- When specifying paper towel cabinet (P) or paper towel/glove holder combo cabinet (C), paper towel dispenser is field supplied.
- For keyed-alike locks, order lock plugs separately.

# Sloped Top Awning Overhead Storage

CH311.

## Product Information

### Description

These overhead storage cabinets attach to an architectural wall with a hanging cleat. Cabinet includes an adjustable shelf.

### Notes

Order the following products separately:

- Hanging cleat (CH100.)
- Ganging hardware (CH110.)

Overhead cabinets wider than 36" have vertical divider.

### Product Information

#### Description

The wall-mounted door towers attach to an architectural wall with a cleat. The towers provide easy access to storage or house gloves and trash. The trash tower is designed for a 10-gallon waste bin. The door towers have 2 adjustable shelves. The door tower shares a lower cleat with the adjacent product, and comes with 1 additional 15"-wide cleat to mount on the top location (separate 15"-wide cleat not included). Glove box holders are included but field installed.

#### Notes

When specifying side trash/glove access with interior shelving (T), waste bin not included. See Planning Guide for recommendations.

When specifying woodgrain laminate, grain direction is always vertical.

For keyed-alike locks, order lock plugs separately.

Order the following products separately:

- Hanging cleat (CH100.15)
- Ganging hardware (CH110.)

Mora™ Towers

### Product Information

#### Description

These towers sit on a plinth base with 1½" adjustable glides. They provide storage, easy access to gloves, and trash solutions. Towers with trash access are designed to hold a 10-gallon waste bin.

#### Notes

When specifying side glove and front trash access with interior shelving (C) or front trash access with interior shelving (T), waste bin not included. See Planning Guide for recommendations.

When specifying woodgrain laminate, grain direction is always vertical.

For keyed-alike locks, order lock plugs separately.

Order the following products separately:

- Plinth base (CH250. or CH255.)
- Ganging hardware (CH110.)

Mora™ Towers

# Sloped Top Wall-Mounted Door Towers CH410.

## Product Information

### Description

The sloped-top wall-mounted door towers attach to an architectural wall with a cleat. The towers provide easy access to storage or house gloves and trash. The trash tower is designed for a 10-gallon waste bin. Glove box holders are included but field installed.

### Notes

When specifying side trash/glove access with interior shelving (T), waste bin not included. See Planning Guide for recommendations.

When specifying woodgrain laminate, grain direction is always vertical. Sloped top grain direction should match the grain direction of adjacent sloped top panels.

For keyed-alike locks, order lock plugs separately.

Order the following products separately:

- Tower sloped top panel (CH316.)
- Hanging cleat (CH100.15)
- Ganging hardware (CH110.)

## Sloped Top To-the-Floor Door Towers

CH415.

### Product Information

#### Description

These sloped-top towers sit on a plinth base with 1½" adjustable glides. They provide storage, easy access to gloves, and trash solutions. Towers with trash access are designed to hold a 10-gallon waste bin.

#### Notes

When specifying side glove and front trash access with interior shelving (C) or front trash access with interior shelving (T), waste bin not included. See Planning Guide for recommendations.

When specifying woodgrain laminate, grain direction is always vertical. Sloped top grain direction should match the grain direction of adjacent sloped top panels.

For keyed-alike locks, order lock plugs separately.

Order the following products separately:

- Tower sloped top panel (CH316.)
- Plinth base (CH250. or CH255.)
- Ganging hardware (CH110.)

Wall-Mounted Shelf Towers

CH420.

Product Information
Description
This wall-mounted shelf tower attaches to an architectural wall with a wall rail. The tower provides easy access to storage. The trash access tower accommodates a 7-gallon waste bin.
Notes
Waste bin not included. See Planning Guide for recommendations.
Shelves are adjustable: 1 shelf on 66"-high tower; 2 shelves on 74"-high tower.
When specifying wood-grain laminate, grain direction is always vertical.
Order ganging hardware pack (CH110.) separately.

# Corian Work Surface with Oval Sink

CH605.

## Product Information

### Description

This Corian® work surface with sink attaches to the top of 1 or more base cabinets or extends over the side of a base cabinet with an end panel support. Work surface comes with integrated backsplash.

### Notes

Surface is 1" thick.

If extended surface is desired, the extension must be on opposite end from sink.

Sink will always be centered over a sink cabinet.

Faucet must be field supplied.

Order the following products separately:

- Wall-mounted door base cabinets (CH210.)
- To-the-floor door base cabinets (CH230.)
- End panel (CH655.)

# Corian Work Surface with Work End CH610.

## Product Information

### Description

This Corian® work surface with work end attaches to the top of 1 or more base cabinets. The work end allows for a quick touchdown space and can integrate technology. Work surface comes with integrated backsplash.

### Notes

Surface is 1" thick.

Work end adds 18" to width and is 26" deep.

When using in-line technology cabinet (CH720.) below, do not include its width when specifying the total width of cabinets below surface.

To use Flo® monitor arm, order Flo single screen monitor arm support with grommet mount (Y91171.GRO1) separately. Grommet hole is field cut. See Planning Guide for more information.

Order the following products separately:

- Wall-mounted drawer or door base cabinets (CH200., CH210.)
- To-the-floor drawer or door base cabinets (CH220., CH230.)

## HPL Work Surface

CH620.

### Product Information

#### Description

This HPL work surface attaches to the top of 1 or more base cabinets or extends over the side of a base cabinet with an end panel support.

#### Notes

Surface is 1" thick.

Grain direction is horizontal for woodgrain finishes.

If sink is desired, the sink cutout must be field cut and sink and faucet must be field supplied.

Order the following products separately:

- Wall-mounted drawer or door base cabinets (CH200., CH210.)
- To-the-floor drawer or door base cabinets (CH220., CH230.)
- End panel (CH655.)
- HPL backsplash (CH650.)

## HPL Work Surface with Work End CH630.

### Product Information

#### Description

This HPL work surface with work end attaches to the top of 1 or more base cabinets. The work end allows for a quick touchdown space and can integrate technology.

#### Notes

Surface is 1" thick.

Work end adds 18" to width and is 26" deep.

When using in-line technology cabinet (CH720.) below, do not include its width when specifying the total width of cabinets below surface.

To use Flo® monitor arm attached to surface, order cast grommet (Y92050.01) for use with Flo monitor arm (Y91171.GRoI) separately.

Grommet hole is field cut.

Order the following products separately:

- Wall-mounted drawer or door base cabinets (CH200., CH210.)
- To-the-floor drawer or door base cabinets (CH220., CH230.)
- (2) Surface wall attachment supports (CH646.)
- HPL backsplash (CH650.)

Corian Peninsula

CH680.

Product Information

**Description**  
This Corian® peninsula is designed to be used with a technology cabinet or as a stand-alone surface to create a conversation zone.

Notes

Order surface wall attachment support (CH646.) separately.  
Order peninsula leg (CH690.) or Ethospace® peninsula column support (E2394.DY) separately.  
To use Flo® monitor arm attached to wall, order Flo single screen monitor arm support (Y91171.WMoI) separately.  
When specifying grommet cutout (C) option, to hide the raw wood in the hole, order Logic mini rectangle grommet (Y1412.1) separately.

Wall-Mounted Technology Cabinet

CH700.

Product Information
Description
This wall-mounted technology cabinet is designed to conceal a CPU. A peninsula or small technology cabinet surface complete the solution.
Notes
Bottom panel inside cabinet has 1" gap along back edge for venting.
Cabinet comes standard with cutout in top for wire management.
Order the following products separately:
<ul style="list-style-type: none"><li>• Corian® peninsula (CH680.)</li><li>• HPL peninsula (CH685.)</li><li>• Small technology cabinet surface (CH710.)</li><li>• Backdrop panel (CH670.)</li><li>• Hanging cleat (CH100.)</li><li>• Thrive® wall-mounted technology supports</li></ul>

Accessory Rail

TW700.

Product Information

Description

This aluminum rail attaches to the front of a tile to hold rail-mounted components. It has a satin oxide laminate insert and grey end caps. Attachment hardware included.

Notes

Rail can match tile width, or span multiple tiles. For easy removal of tiles, accessory rail width should be equal to or less than the width of the tile it's attached to.

# Mbrace Wall-Mounted Technology Y94015

Product Information
<b>Description</b> This wall-mounted technology combo arm allows the keyboard and monitor to effortlessly move together as a single unit, and mounts to either a 34" wall track. This solution can support up to 20 pounds and be adjusted with one hand through 22" of vertical adjustment and 9 1/2" of independent, knob-free monitor adjustment. The monitor float tower and keyboard tray can rotate independently of each other. This solution can also store in as little as 10" of space and can be installed on Compass™ wall tiles and directly to drywall. Rotation limiter and cable management included.
<b>Notes</b> All painted surfaces are finished with anti-microbial powder coat paint to support infectious control policies. OSHDP and Engineer certified. Supports 75mm and 100mm VESA patterns. Fasteners provided for virtually all applications except masonry surfaces. Additional accessories sold separately: <ul style="list-style-type: none"><li>• Track Mount Small Cradle CPU Support (Y94100.)</li><li>• Track Mount CPU Enclosure (Y94102.)</li></ul>

## 20-Day or Less/Assigned Lead-Time Order Information – Healthcare

### 20-Day or Less/Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon  will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an  are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

### Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number: (616) 654 3085.

For more information, contact your Customer Care representative at: (866) 854 3048 EXT 3400

### Shipments and Delivery

Per Herman Miller Terms and Conditions.

### Changes and Cancellation

Per Herman Miller Terms and Conditions.

## Packaging

Packaging varies according to individual product. A surcharge may be added for special packaging requests. Contact Customer Care for specific information.

## Keyed-Alike Locks

All components with locks may be specified keyed alike.

Keyed-alike Mora™ System components will be shipped with lock chassis installed. Lock plugs will be shipped separately, tagged for product and location as specified. Installation of lock plugs will be on-site according to instructions provided. Herman Miller Inc., will not be responsible for lock plug installation.

To order keyed-alike locks for Mora™ System components, specify keyed alike. Then place a separate order for plugs and locks:

1. List plug part number and key number (232092-XXX); select a key number (or numbers) between 226 and 427, excluding numbers 408 and 412.
2. List quantity of locks per key number.
3. Indicate this is a no charge order.

Keyed-alike locks are field installed.

A master key can be used to open any lock on a Mora™ System component. To remove lock plugs from existing components, a removal key (#232228) or lock change tool (#234559) is required. Customers interested in ordering master keys, removal keys, or lock change tools should contact Customer Care with a written request.

For more information about our products and services or to see a list of dealers, please visit us at [HermanMiller.com](http://HermanMiller.com) or call (800) 851 1196.
