Shell is beech wood that has been custom molded and contoured for comfort and support.

Arm caps are 1½" thick solid bentwood, finished to match the shell. Two countersunk wood screws attach each arm cap to the arm supports.

Arm supports, legs, and cross members are 25/32" x 3/32" hot rolled, welded, chrome plated, tubular steel.

Joints are welded.

Black plastic glides fit like a cap over the ends of the tubular steel frame.

Details

With arms Without arms

Bingo side chairs are available with arms and without arms.

Bingo stools are available with and without arms.

Shell is constructed of 8-ply, molded plywood that is cross banded for strength. Shell is attached to the frame with four countersunk wood screws threaded into two wood cleats that are glued to the shell.

Side chairs and stools are each stackable up to four high.

Rubber stack bumpers and tube closures are standard.

Side chairs are shipped four per carton when applicable.

Stools are shipped two per carton.

IMPORTANT: Stools are ordered in sets of 2.

Connections

Side chairs may be ganged with ganging devices that snap onto the legs. Armless models or alternating armless and armchair models may be connected.

Note: Two armchair models cannot be ganged side by side.

Black ganging devices, ordered separately, are sold in packages of 5 pairs. One pair is required to gang two chairs. Two pairs will gang three chairs.
