

Connection Zone®

Privacy Booth

Tune out distractions and create personal space

Personal space - tune out distractions and create personal spaces for those seeking privacy in open environments. Retreat into a privacy booth to make a call, check email or simply break away.

Privacy by Design - contoured symmetrical design reduces external noise and shields peripheral views, while its open top structure allows light to pass through.

Comfort and Access - fully upholstered cushion and back deliver comfort and support, while a swivel base gives 360 degree access.

Specifications:

W25 H67 D25

Outer booth upholstery available in Blazer or Pallas Ooh La Lana

Inner booth upholstery available in Blazer Quilt Hourglass
