## Connection Zone<sup>®</sup> Privacy Booth

April 2015

### TECHNICAL SPECIFICATIONS

#### Frame Construction

25 mm slim, tubular, contoured board base features internal and external sound-reducing treatment for visual and acoustic privacy. The exterior of the unit is fully upholstered with twin stitch detail and exterior and interior piping. Unit can be specified in a variety of finish options.

#### Base Construction

Swivel base is constructed of steel with roller-bearing swivel plate. Bottom features rubber non-skid glides.

#### Suspension - Seat and Back

The seat and back are sprung with stretch webbing stapled into position on a circular CNC timber base.

#### Seat and Back Construction

Seat cushion is formed from dual-density CMHR foam.
