

# WALL SOLUTIONS FOR EDUCATION

# ARCHITECTURAL WALLS

Addressing your challenges,  
your budget, your realities.

## IN APPLICATION

This diagram lists examples of available functional solutions provided by KI architectural walls for classrooms, libraries, student service centers, residence halls, and administrative offices.

# INSPIRED SOLUTIONS

Meeting the diverse needs of students, faculty and staff.

Architectural walls create learning environments that support a variety of interactive and engaging activities – from teaming, presentations and discussions to individual research and reflection.

The versatility of KI's architectural walls allow you to adapt to the needs of fluid, ever-changing education environments. From markerboard surfaces to integrated technology and more, KI can help you design campus and learning spaces that reflect the growing importance of innovation, collaboration and creativity as found in professional environments.

Create open, transparent spaces with glass storefront solutions using Lightline architectural wall, or solid, acoustically sound spaces with Genius architectural wall. Combine the two wall solutions for the epitome of aesthetic appeal and functionality.

From cyberspace to physical space, KI delivers the solutions needed for education. KI's architectural walls are designed to integrate versatility, sustainability and technology to meet the needs of students, faculty and staff.
