

Pilot[®] Task Seating

heavy-duty durability | big & tall | 24/7

Furnishing Knowledge[®]

Pilot Task Seating

For generously sized seating that is durable, comfortable and attractive, Pilot is the clear choice.

Pilot is warranted to accommodate weight up to 400 pounds, twenty four hours a day, 7 days a week for 15 years! With heavy-duty casters, ultra-durable engineered plastic base, a heavy-duty pneumatic cylinder and 10-ply seat board, Pilot makes a strong statement.

Adjust the Pilot chair to your size and seating preference. Simply lift a lever to set the back angle for individualized comfort. Back height and seat depth also adjust for tailored fit and support. Seat depth has a 2-1/2" range and back height has a 4" range.

At first, Pilot looks like any other task chair. Look again and you notice that while it is larger and stronger, its transitional style harmonizes nicely with other task chairs in a wide variety of environments.

Big & Tall

More than just a comfortable generously sized chair, Pilot is ideal for law enforcement and occupations where greater seat width is needed for waist-held equipment like holsters, walkie talkies, or tool belts.

Arm Styles

Pilot chairs are available with loop arms, adjustable T arms or armless. Loop arm is fixed height and fixed width with a soft, radiused aesthetic. T arms adjust 2-3/4" in height and 2-1/2" in width.

Loop Arm

Adjustable T Arm

Specifications

W 26-1/2 D 26-1/2 H 43 - 52

Seat: W 24 D 17-19-1/2 H 18-23
