

## Rapture Upholstered Seat Pad Replacement Instructions

Turn the chair upside down and place the seat on the corner of a table. Use a #3 Phillips bit to remove the four screws in the seat shroud. Remove the seat shroud from the chair assembly.

Remove the four screws that hold on the upholstered seat pad. Replace the old pad with the new pad and install the screws into the new pad being careful not to over tighten the screws. Next place the seat shroud back onto the frame and screw back into place.
