

Promenade[®]

Seating System

distinctive | adaptable | durable

Furnishing Knowledge[®]

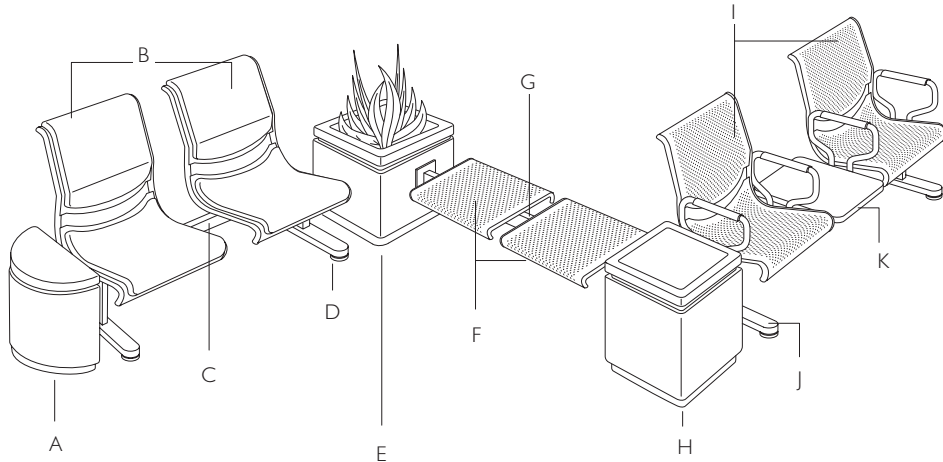

Promenade seating works anywhere.

Perfect for outdoor use.

Special rust inhibitors coupled with heavy-gauge steel construction make Promenade seating the right solution for outdoor applications.

Versatile Promenade seating - multiple configurations for any setting.

- A. 19" half round fiberglass table element with fiberglass top.
- B. Upholstered seats.
- C. Steel mounting beam.
- D. Freestanding base.
- E. 19" square fiberglass planter. Beam-anchored on one side.
- F. Steel benches.
- G. Steel mounting beam anchored to fiberglass elements.
- H. 19" square fiberglass table element with plastic laminate top. Beam-anchored on one side.
- I. Steel seats with loop arms.
- J. Freestanding base.
- K. Plastic laminated beam-mounted table.

Versatile

Promenade public seating is a versatile system available for both indoors and outdoors. Its modular design and beam anchoring system offer endless configuration possibilities.

Mix and match these durable, classic components to create just the right solution for your space.

- Perforated steel or upholstered seats - with or without arms
- Perforated steel or upholstered benches
- Planters
- Freestanding or anchored bases

Durable

Seating components are manufactured of heavy-gauge steel for incredible durability. For indoor seating, add upholstered cushions for additional comfort. For outdoor applications, rugged fiberglass elements stand up to rigorous use. Special rust-resistant paint finishes ensure years of service.

Easy to Maintain

Beam construction allows for ease of cleaning. Fiberglass elements and steel seats/benches are simple to wipe down and naturally resist stains. Cushions on indoor seating can be removed for cleaning or reupholstery.
