Soltice® Lounge Seating

Soltice is a comprehensive seating collection. It features sophisticated, classic lines softened by feminine sensibility – simple, natural, with a human touch.

Explore the possibilities of Soltice lounge furniture and create comfortable environments with an alluring presence. Whether it's for healthcare, corporate or higher education environments, its beauty and practicality work wherever enduring style is desired. The placement of Soltice products within a lobby or lounge can transform a utilitarian space into a comforting and inviting atmosphere.

Soltice seating offers many creative options. Poly or wood arm caps are available on open or closed arm styles. Collection pieces are also easy to clean with field- replaceable components. It's quick and simple to make an adjustment, especially in high-traffic areas such as hospital lobbies and student lounges.

In addition to lounge seating, the Soltice collection includes visually complementary guest seating, multiple seating, patient seating, recliners, gliders, sleepers, and occasional tables, allowing for a consistent look throughout a facility.
