

Soltice[®]

Recliners

modern look | residential feel | exceptional comfort

Furnishing Knowledge[®]

Soltice® Recliners

Recline and relax in the comfort of the Soltice Recliner. The sleek, clean style is combined with contoured support to make the patient feel at home.

The Soltice II Recliner accommodates the need for comfort and safety. With its 360-degree rotation and central-locking casters, it also allows caregivers to do their jobs more easily. For ease of maintenance, the seats and backs are field-replaceable.

Combine the Soltice Recliners with other Soltice collection pieces including patient chairs, gliders, sleepers, lounge, guest and multiple seating to help create a consistent look throughout a healthcare facility.

Designed by Daniel Cramer and Paul James.
