STRIVE FOR REMARKABLE COMFORT

Strive's simple flex-back design encourages movement, relaxation, and enhanced circulation.

Intrinsic elements of Strive comfort:

- Slats in the poly back permit flexing
- Hidden steel rods provide durable support
- Radiused back conforms to your back for exceptional support
- Contoured seat dissipates pressure points

STRIVE FOR AFFORDABLE VERSATILITY

Strive redefines value by combining readily available, recyclable materials and a small number of components into a versatile, ingenious design. It offers good looks, comfort, affordability, and durability.

Enhance Strive's versatility, design appeal, and functional performance with Pallas upholstery. Smart and sophisticated, Pallas textiles balance high-performance characteristics and environmental stewardship while harmonizing with any interior environment.

STRIVE FOR SIMPLICITY

Strive's clean, elegant form embodies simplicity. Designed by Giancarlo Piretti, Strive presents a consistent visual design in a comprehensive seating collection.

Collection includes: high-density, 4-leg and sled base stack chairs, tablet arm chairs with a variety of base styles, as well as café stools, nesting chairs, task chairs, and task stools. Strive is available as all poly, upholstered seat only, or upholstered seat and upholstered back (select models).

Strive delivers an unrivaled color selection including three translucent poly colors that present distinctly different high-design options.
