

Strive[®]
Tandem Seating
versatile | adaptable | comfortable

Furnishing Knowledge[®]

Create comfortable multiple seating arrangements that fit your space. Sturdy beam-mounting allows various combinations of seats and in-line or corner tables to meet your public space needs. Choose the number of elements per unit, determine whether in-line or corner tables are desired, then specify seats in straight runs, L-shapes, or U-shapes.

Strive tandem seating is easy to install, facilitates cleaning and withstands rigorous use.

Simple flex-back design encourages movement and relaxation. Slats in the poly back permit flexing; while thin, hidden steel rods provide durable support. The back curves to support the user and the contoured seat dissipates pressure points.

Strive® Tandem Seating

The waiting is easier when you wait in comfort. Strive tandem seating provides unique flex-back comfort with beam-mounted convenience.

Designed by Giancarlo Piretti, Strive has a simplicity that complements offices, airports or lobbies and is ideal for high-traffic waiting and public areas. Poly seat option endures hard use. Upholstered options deliver a more upscale aesthetic.

Strive tandem seating offers the perfect combination of good looks, soothing comfort, easy maintenance and affordability.

Specifications

All poly, upholstered seat or upholstered seat and back. Armless, end arms only or all arms.

- Seat: W18 D18 H17
- 2 units armless or with arms: W50
- 3 units armless or with arms: W72
