

HermanMiller Collection

Eames® Wire Stool Outdoor

Designer

Charles and Ray Eames

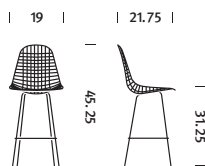

Original Production Date

2017

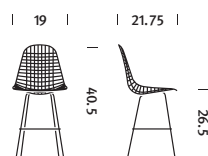

Warranty

3 years

In the 1950s, the Eames Office developed the bent and welded wire version of their single-shell chair concept. A direct descendent of those experimentations, the outdoor version of the Eames Wire Stool complements bar- and counter-height surfaces in outdoor spaces. The iconic wire shell form is powder-coated for outdoor durability and set atop an elongated 4-leg base.
