# Introduction

## **A Note on the Organization of This Book**

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

### **Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.**

Information wraps from one column to the next and continues for as many pages as it needs to.

### **Black bars are clues.**

A black bar at the top of a page signals the start of information about a product.

Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

### **The index is presented two ways.**

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

## **General Information**

This book is effective April 1, 2019, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit [www.HermanMiller.com](http://www.HermanMiller.com).

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

For additional product information such as dimensional drawings and product descriptions, refer to the standard price books.

# 10-Day or Less Order Information

## 10-Day or Less Program

10-day or less products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple West Michigan manufacturing facilities. These include Holland, Spring Lake, and Zeeland. Orders will be shipped within 10 business days or less from the date of Herman Miller acknowledgement.

## Ordering Procedures

1. Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.  
Order Entry fax number for Passage®, 5000 Series, and Meridian® Filing and Storage: (616) 846 9236.  
Order Entry fax number for all other products: (616) 654 3085.
2. Orders must be clearly marked “10-day or less program” and include only 10-day or less products. Orders not marked this way will be processed under standard lead times. Orders for standard lead times must be placed on a separate purchase order.
3. Only fabrics and finishes listed with each product are available through the 10-day or less program.
4. For any 10-day or less project over \$250,000 list price, please contact your Customer Care representative within 48 hours of order entry to reserve lead time.
5. For more information, contact your Customer Care representative at: (866) 854 3048 EXT 3400.

## Shipments and Delivery

Per Herman Miller Terms and Conditions.

## Changes and Cancellation

# Stain-to-Match Program

## Stain-to-Match Program

### Program Overview

The Stain-to-Match program gives you the option of using veneer finishes that are not listed in the standard offering. The program allows Herman Miller to match a customer's existing recut or natural veneer, or create a new finish that is unique to an installation.

Specific information on approval, ordering, pricing, and warranty for the Stain-to-Match program is listed below. Questions and requests for assistance may be directed to Herman Miller Options at:

(800) 654 3910

### Ordering Products with Stain-to-Match Veneers

1. Fill out the Options Stain-to-Match Request Form and send along with a color sample (2" x 3" minimum) to the Herman Miller Options Applications Team at the address provided on the form. The form can be found on Omni.
2. Within 7-10 working days, Herman Miller Options will send a sample of the color-matched stain on Herman Miller veneer to the requester for the customer's signed approval.
3. If the sample meets the customer's approval, sign the reverse side of the sample, scan and email the approval to:  
options@hermanmiller.com.
4. After the stain has been approved, a formal quotation with special number and pricing can be provided, or the product can be specified through the Vary Easy program, if available. Work with the Options team on final product needs and how to specify.
5. A purchase order can then be placed.

## Stain-to-Match Warranty

Herman Miller warrants its products to be free from defects in craftsmanship from the date of delivery for the applicable warranty period. Herman Miller is responsible for the physical properties of the veneers available through the Stain-to-Match program, which include:

- STA: Stain-to-Match on Recut Ash
- STB: Stain-to-Match on Beech
- STC: Stain-to-Match on Cherry
- STD: Stain-to-Match on Oak
- STK: Stain-to-Match on Reltech Anigre (Geiger)
- STM: Stain-to-Match on Recut Mahogany
- STP: Stain-to-Match on Maple
- STU: Stain-to-Match on Walnut (Geiger)

See your specification tool for product specific finish offering limitations.
