

Layout Studio®

It's easy for anyone to find a home base in Layout Studio. It integrates personalized work tools and storage and can take many forms across the office landscape in both seated and standing heights. Because of these options, Layout plays well with organizations too, letting them scale up or down to accommodate local preferences within a global system.

Benefits

- Allows people to personalize their work areas
- Design that works across different countries and cultures
- Responds to evolving needs thanks to its scalability

Warranty

12-year, 3-shift

Key Features

1. **Performance Rail**
Screens, storage, work tools, monitor arms, and lights mount to the performance rail, freeing up work surface space.

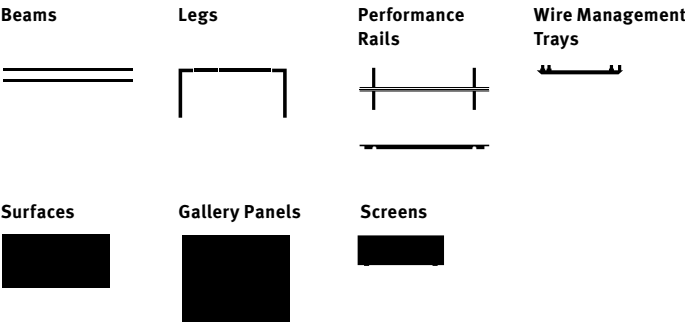

2. **End of Run**
Storage placed at the end of run gives people a place for personal items and can support one end of a Layout Studio bench.

3. **Power Access Doors**
These doors provide convenient access to power and data.
4. **Cable Management**
Power and data cables are organized in cable management trays below the work surface.

5. **Screens**
Center, personal delineation, end of run, and modesty screens can be specified in a variety of materials such as metal, laminate, glass, or fabric.

6. **Storage**
Credenzas, pedestals, and work tools address all types of storage needs.
