Mattiazzi Zampa Stool

Designer

Jasper Morrison for Mattiazzi

Original Production Date

2019

Warranty

2 years

The light, graceful form of the Mattiazzi Zampa Stool reflects Jasper Morrison's minimalist approach to design. Inspired by handmade country stools, Morrison gave Zampa curved stick legs and a straightforward character. With just a few elements and a minimum number of joints, this seemingly simple structure offers a measure of flex to soften how the stool sits. Zampa Stools are available in three heights and come in a choice of natural finishes or bright primary colors.
