

Procedure and Supply Carts

Our modular procedure and supply carts were designed to meet the needs of caregivers, as well as the demands of changing healthcare environments. The carts have easily interchangeable drawers, shelves, and accessories across the entire offering. Made with steel frames and highly durable materials, the carts can withstand the rigors of 24/7 environments.

Benefits

- Modular and adaptive, with interchangeable interior components and accessories
- Designed for infection control, with every surface—inside and out—accessible for cleaning
- Built to last, with highly durable materials and integrated color

Warranty

12-year, 3-shift

Procedure and Supply Carts

Key Features

- High-Impact, Polystyrene-Covered Steel Framework**
The steel framework is covered with highly durable, high-impact polystyrene. Color is integrated into the polystyrene.
- Drawers**
Drawers extend fully without wobbling or falling, making them easy to stock.
- Accessory Rail System**
Multiple exterior accessories attach to the cart accessory rail system.
- Durable Surface**
Rust- and damage-resistant surface material withstands the rigors of heavy use.
- Lock Options**
Carts can be ordered with lockable doors, drawers, and lock bars and keyed, keyless entry or proximity access.
- Swivel Casters**
Swivel casters make the cart easy to transport or lock in place.
