Steps

Lounge System

Steps modular seating offers a comfortable, dynamic way to define space in healthcare environments. Its unique range of back height options and straight and curved forms can be configured in a variety of ways to direct visitor flow and define space. Integrated power and a variety of tables add versatility to support a broad range of activities, from waiting to working to resting.

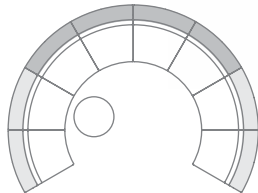

Designed by Brian Kane

Straight configuration with in-line table and power module
10'8" x 2'7"

Serpentine configuration with tablet tables and 32.5" ottoman
19' x 7'3"

Curved configuration with freestanding table
11'6" x 8'8"

Details

Choice of standard upholstered arm or optional wood (shown) or urethane arm caps for added comfort and performance

Integrated tablet tables support laptop use

Power modules integrate with in-line tables to support technology needs

Intervening arms define seat positions and provide support for users

Powder-coated metal legs provide long-term durability

Three back heights provide options for creating privacy and defining space
