Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective April 1, 2019, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

Bar-Pull Freestanding Lateral File LK20A.
LK20D.

Product Information

Description

This lateral file has a painted or veneer front, smooth-steel case, and applied metal bar pulls. It includes 1" leveling glides and a positive interlock system that permits only 1 drawer or pullout shelf to open at a time. Drawers can be specified with side-to-side or front-to-back filing rails to accommodate letter-, legal-, and A4-size hanging files. The pullout shelf includes 3 file dividers.

Actual file depth is 19³/₈". Actual file width is 29⁵/₈", 35⁵/₈", or 41⁵/₈".

Interior height of the flipper door with pullout shelf is 10¹/₄". Raised-height configuration adds 1/2" to overall height to fill the space between the top of the file and the underside of a surface.

Notes

Base on 2 drawers, raised height option (1) aligns with base on Tu® storage towers.

2- or 3-high files that are not ganged or anchored require counterweights (option CB). When two 42"-wide, 4-high files are ganged side by side, each file requires a counterweight.

Counterweight specified with file is permanently installed. To order removable counterweight, specify file with no counterweight option (NO), and order counterweight (LG909.) separately.

Veneer-front lateral files have a vertical grain direction.

Order optional accessories separately:

- File drawer organizer (LG901)
- Front-to-back filing rail (LG904.)
- Movable divider (9M100) - For flipper door with pullout shelf only
- Side-to-side filing rail (LG902.)

Tu® Metal Storage

Product Information

Description

This lateral file has a painted, laminate, or veneer front, smooth-steel case, and applied metal arc pulls. It includes 1" leveling glides and a positive interlock system that permits only 1 drawer or pullout shelf to open at a time. Drawers can be specified with side-to-side or front-to-back filing rails to accommodate letter-, legal-, and A4-size hanging files. The pullout shelf includes 3 file dividers.

Actual file depth is 19³/₈". Actual file width is 29⁵/₈", 35⁵/₈", or 41⁵/₈".

Interior height of the flipper door with pullout shelf is 10¹/₄". Raised-height configuration adds 1/2" to overall height to fill the space between the top of the file and the underside of a surface.

Notes

Pull design conforms to guidelines of Americans with Disabilities Act (ADA).

Base and pull heights on 2 drawers, raised height option (1) align with arc pull Tu® storage towers.

2- or 3-high files that are not ganged or anchored require counterweights (option CB). When two 42"-wide, 4-high files are ganged side by side, each file requires a counterweight.

Counterweight specified with file is permanently installed. To order removable counterweight, specify file with no counterweight (option NO), and order counterweight (LG909) separately.

Accepts Tu® add-on cushion top (LG891).

Veneer-front lateral files have a vertical grain direction.

Order optional accessories separately:

- File drawer organizer (LG901)
- Front-to-back filing rail (LG904.)
- Movable divider (9M100) - For flipper door with pullout shelf only
- Side-to-side filing rail (LG902.)

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.
