

# Setu® Chairs and Tables

Every part of the Setu Chair was painstakingly shaped and reshaped to ensure that each molecule falls into the right place to deliver the desired functionality. The result is a dematerialized design that supports people of all sizes. Available in a range of material options and in stool and lounge versions, Setu can be a functional focal point or blend into its environment.

With the same spare design as the chairs, Setu Tables are available in four heights and three diameters to accommodate your work—sitting, lounging, or standing. Available in a variety of finishes.

**Designer**  
Studio 7.5

**Benefits**

- Material innovation results in a unique combination of flex and strength
- Only adjustment is for height, so every person who uses the chair can make one quick change and then get right to work
- A range of upholstery and material options and the addition of tables broaden Setu's appeal

**Warranty**  
12-year, 3-shift

# Setu® Chairs and Tables

## Key Details

- Kinematic Spine**  
 The Kinematic Spine™ uses two types of polypropylene instead of a tilt mechanism to support your weight and control resistance as you recline.
- Lyris 2 (Optional)**  
 More structural element than textile, the finely tuned Lyris 2™ elastomeric material creates Setu's one-piece seat and back, working with Setu's Kinematic Spine to distribute your weight evenly and conform to your contours.
- Setu Tables**  
 Setu tables are available in four heights, three diameters, and a variety of surface materials to support all the ways you like to work—sitting, lounging, or standing.
- Silver Base**  
 The corrosion-resistant H-Alloy base is both lightweight and durable.
- Simple Adjustment**  
 The Setu Chair and Stool have a height adjustment, and that's it. There's nothing else to tinker with, nothing to tweak, nothing to think about.
