Understanding and Specifying Criterion 453 Series

Work Chairs

Work Chairs

Highly adjustable task seating offers maximum personalization for fit and comfort for a range of duration and use. By making a series of simple adjustments, you can customize the chair to your body, preferences, and tasks. These chairs provide continuous, stable, comfort, and can be quickly adjusted to support you in upright, and reclining work postures.

Criterion 453 Series

Product Details

Three basic sizes are available—high-back, mid-back, and Plus. All are offered with and without arms. High-back and mid-back are also available as stools.

Criterion features a seat angle adjustment which allows the seat angle to function in a fixed or articulating mode. Variable back stop will lock the back in an upright position or allow the user to set a specific back stop position which the chair will recline to.

Criterion Plus has an upright back lock and offers a wider seat with more space between the arms to accommodate workers who need a larger chair. The Criterion Plus chair is tested to hold up to 400 pounds under normal use.

Upholstery Details

Criterion is standard with a molded upholstered seat and back.

Sewn upholstery can be specified to accommodate vinyl and other highperformance fabrics. Seat and back cushions feature a stitched detail. Specify using an S suffix.

Non-Sewn seat upholstery can be specified to accommodate vinyl and other high-performance fabrics without a seam on the seat. Back cushion will have stitched detail. Specify using an X suffix. This option is available on models with adjustable seat depth only.

Adjustment Features

Seat Adjustments

Seat height adjusts pneumatically. To lower, hold handle up while seated. To raise, hold handle up and keep your weight off the chair. Range of adjustability is 5" from 16"H to 21"H.

Seat angle adjusts by pulling handle up and shifting your weight to alter seat angle. Release handle to lock. This feature is standard.

Seat depth adjusts by pulling handle up. Slide seat forward or back to accommodate various leg lengths. Release handle to lock. This feature is optional. For Criterion Plus, seat depth is a maintenance adjustment. The chair has three depth settings: 15", 165%", and 181/4". The chair will ship in the 181/4" position.

Back Adjustments

Back tension adjusts by turning knob. Turn knob clockwise to increase tension, counterclockwise to decrease. This feature is standard.

Tip: To lock in upright position, remove weight from back and release switch.

Back height adjusts within a 2" range by pulling handle forward while moving chair back up or down. Release handle to lock chair back in position. This feature is standard.

Arm Adjustments

Arms are available fixed, height- and width-adjustable, and height-, width-, and pivot- adjustable.

Arm height adjusts independently within a range of 4" on all adjustable arm models. Squeeze triggers in while moving arms up or down. Releasing triggers locks arms in position.

Arm width adjusts independently on chairs with the height- and width-adjustable option. Grasp arm and move in or out. Arm will stay where positioned.

Arms pivot independently on models with height-, width-, and pivot-adjustable arms, 35° inward and outward. Grasp arm and push front to left or right.

Other Features

Foot ring height on

stools adjusts by first lifting ring and rotating it counterclockwise to unlock. Then raise or lower ring up to 4" to desired position before rotating it clockwise to lock.

Alternative casters and glides are available for specific applications, including soft-wheel casters for hard floors.

Glides are 2"H and interchangeable with casters.

Surface Materials

See surface materials on page 638 for specific availability or refer to the *Surface Materials Reference Manual* for further information.

Upholstery

- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- · Elmosoft leather
- Select Surfaces leather
- Vinyl

Hard components

(base, arms, plastic arm caps, outer back, outer seat, and foot ring)

 Monochromatic color from list of seating plastic color numbers will apply to all hard components.

Outer back and outer seat

- Plastic color to match color of other "hard components"
- Fully upholstered outer back with plastic color outer seat

Arms

 Soft vinyl arm caps to match the plastic color of the other "hard components"

Casters

 Plastic color to match other "hard components"

Foot ring on stools

- Plastic color to match other "hard components"
- 9201 Polished Chrome

Glides

· Stainless steel only

All Steelcase seating with standard upholstery fabrics complies with requirements of the State of California Technical Bulletin 117-2013. All standard seating is labeled to be in compliance with California 117-2013.

Programs & Services

See the Surface Materials Reference Manual for further detail about programs and services offered for seating.

The Customer's Own Material (COM)

Program offers the opportunity for customers to select fabrics that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Through the COM program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most Seating lines, visit the COM website. To locate the COM website:

· Visit www.steelcase.com

Soil retardants are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- JacksLink
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the Surface Materials Reference Manual.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an email to lineone@steelcase.com.

Criterion 453 Series

Criterion Upholstery

What Is It?

Fabric, leather, or vinyl-covered back and seat.

Fabric

Criterion is standard with a molded upholstered seat and back.

Non-Sewn Seat

Non-Sewn Seat upholstery can be specified to accommodate vinyl and other high-performance fabrics without a seam on the seat. Back cushion will have stitched detail.

- Specify using an X suffix.
- Available only on models with adjustable seat depth.

Leather, Vinyl, and Select Fabrics

Sewn upholstery can be specified to accommodate vinyl and other high-performance fabrics. Seat and back cushions feature a stitched detail.

- Specify using an $\boldsymbol{\mathsf{S}}$ suffix.
- Plus models come standard with sewn upholstery.

Pattern alignment at the lumbar seam cannot be guaranteed.

Seat and back cushions can be removed and replaced if damaged.
