

Environmental Attributes

- Product Category — Seating: Waiting Areas
- Certifications — SCS Indoor Advantage™ Gold certified for indoor air quality in North America
— level® 2 certified to ANSI/BIFMA e3 standard
— level® 3 certified to ANSI/BIFMA e3 standard (excludes casegoods)
- LEED Contribution — Recycled content
— Regional materials
— Low-Emitting materials
— Sustainable purchasing
— Furniture and medical furnishings
- Environmental Facts — 54% recyclable
— 31% recycled content

Recycled Content Summary

Total Weight (lbs) – Typical Configuration: 662.5

Recycled Content (lbs)	202.7	Recycled Content	31%
Post Consumer (lbs)	55.3	Post Consumer	8%
Pre Consumer (lbs)	147.5	Pre Consumer	22%
Recyclable Content (lbs)	360.6	Recyclable Content	54%

Disclaimer

Numbers may vary based on model and options selected. Calculations based on Regard Typical Configuration of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post-consumer (8%) + ½ pre-consumer (22%) = 19.5%.
	Materials & Resources	MR 5 (regional materials)	Regard Lounge is assembled in Reynosa, MX. Casegoods are assembled in Grand Rapids, MI. Projects ≤ 500 miles from these locations qualify.
	Indoor Environmental Quality	IEQ 4.5 (low-emitting materials)	Regard is SCS Indoor Advantage™ Gold certified for indoor air quality in North America.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	Post-consumer (8%) + ½ pre-consumer (22%) = 19.5%.
LEED-OPERATIONS & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.2 (sustainable purchasing – durable goods)	
LEED for Healthcare	Materials & Resources	MR 5 (furniture and medical furnishings)	<p>May contribute toward 1 point awarded for 30% or 2 points for 40% total value of freestanding furniture and medical furnishings because it meets one or more of the three options for this credit .</p> <p>OPTION 3 - Sustainably Sourced Material Criteria (per MR Credit 3)</p> <ul style="list-style-type: none"> •Recycled Content value is determined by multiplying the recycled content percentage by the cost of the assembly. The recycled content percentage is: [post consumer (8%) + ½ pre consumer (22%) = 19%] or •The value of all materials manufactured locally within 500 miles of the project site is included. Regard Lounge is assembled in Reynosa, MX. Casegoods are assembled in Grand Rapids, MI. <p>Note: MR Credit 3 defines the sustainability criteria for use in MR Credit 5. To avoid double counting, furniture and medical furnishings contribute to MR Credit 5 and <u>not</u> MR Credit 3.</p>

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.
