

FIELD INSTALLED CORES & KEYS

Field Installed Cores & Keys

Select the "LOCK" option when ordering product with a lock. The product will initially ship with a plastic plug, which will be removed in the field and the lock core installed.

Cores & Keys will ship in a separate package. Multiple cores and keys may be shipped together in one package.

You do not need a Core Change to install the original lock core. Once installed, a Core Change is required for removal. A Core Change may be ordered for **\$29** list.

USING LOCK OPTION

When using "LOCK" option your cores and keys must be ordered separately by ordering **LOCK-SET(s)** (see below for ordering instructions) to satisfy the number of locking mechanisms required for product on your PO.

Five lock core models are available to pick from to be field installed. They are:

LOCK-SET- 1

This includes 1 core & 1 key

LOCK-SET- 2

This includes 2 cores & 2 keys

LOCK-SET- 3

This includes 3 cores & 3 keys

LOCK-SET- 4

This includes 4 cores & 4 keys

LOCK-SET- 5

This includes 5 cores & 5 keys

The options available on these models are:

OPTION 1: Color (Black, Nickel or Brass)

OPTION 2: Type (Alike, Random or Consecutive)

OPTION 3: Starting Key # (This applies to the Alike and Consecutive types only)

OPTION 4: Number of Sets

KEYING TYPES

Three keying options are available to pick from to be field installed. (Keyed Alike, Keyed Random & Keyed Consecutive)

Keyed Alike all cores and keys on that line will match the starting key number selected.

Keyed Random all cores and keys on that line will be randomly selected. You do not have to pick a key number with this option.

Note: you could end up with two of the same number when ordering large quantities.

Keyed Consecutive all keys included in the quantity will be numbered in consecutive order starting with the starting key number you select. This will make sure no two numbers are the same. You must pick a starting key number.

Standard Key # numbers range between 100-200 when using the Nickel color and 100-150 when using Black or Brass. Additional numbers 151-999 are available when using Black or Nickel Cores. There is no additional charge for key numbers 151-999 but they could potentially add additional lead time.

EXAMPLES

Example of using Keyed Alike

If you have one office that requires multiple cores & keys which all need to be the same lock number you could order

Model	Color	Type	Starting #	Number of Sets
LOCK-SET-2	Black	Alike	100	1

In this scenarios you would receive (2) cores and keys with the key number of 100.

Example of using Keyed Random

If you had 8 workstations that required one unique core & key per user you could order

Model	Color	Type	Starting #	Number of Sets
LOCK-SET-1	Black	Random	n/a	8

In this scenario you would receive (8) cores and keys consisting of 8 different numbers chosen randomly.

Example of using Keyed Consecutive

If you had multiple offices that required (2) cores & keys per office where each office requires matching keys you could order

Model	Color	Type	Starting #	Number of Sets
LOCK-SET-2	Black	Consecutive	100	6

In this scenario you would receive (6) sets of cores and keys consisting of key numbers that would start from 100. You would have (2) 100's, (2) 101's, (2) 102's... (2) 105's.

mod#	modification detail	list price
1. MOD#1	Standard OFS Hardware Pulls	\$25 Each
2. MOD#2	All Modular Top, End Panel, and Back Panel Cut Downs	\$100
3. MOD#3	Move or Add Grommets (customer to specify location)	\$70 Each
4. MOD#4	Reinforced Drawers - factory installed metal support bars. (Available on lateral files and on 16"D file drawers) <i>Applicable on filing in most casegoods 24"D or under. Contact Customer Service or Specials Costing for applicability on other items.</i>	Per \$30 Drawer
5. MOD#5	Fabric Tackboards (any size reduction or an increase in height up to 6")	\$50
6. MOD#6	Contemporary - BBF to FF	No Upcharge
7. MOD#7	Contemporary - FF to BBF	No Upcharge
8. MOD#8	Wire Access Cutout in Back Panel (4" x 4") - Available on Bridges, Returns, Credenzas, & Corner Units. Cannot be located closer than 3" from any edge. (customer to specify location)	No Upcharge
9. MOD#9	Wire Access Cutout in Back Panel (12" x 12") - Available on Bridges, Returns, Credenzas, & Corner Units. Cannot be located closer than 3" from any edge. (customer to specify location)	No Upcharge
10. MOD#10	Locking (non-electronic) for wood or laminate doors only. Per individual storage section (no vertical divider).	\$150
11. MOD#11	Seating with 2 Different Fabrics Two Same Grade Fabrics = Next Higher Grade Two Different Grade Fabrics = Higher of the Two Three Different Grade Fabrics = Highest of the Three (Note: Contrasting welt only available in a single fabric. Two-toned welt is not available.) <i>(two-tone diagram required from customer at time of ordering - contact customer service)</i>	
12. MOD#12	Plywood Drawers	\$50 Each
13. MOD#13	Venting Slots (customer to specify location)	\$75
14. MOD#14	All Bullets or P Tables Removal of Modesty Panel	No Upcharge
15. MOD#15	Highback or Wallmount Organizers Removal of Doors	No Upcharge
17. MOD#17	Wire Access Door in Back Panel (18" x 15") Left Hinge - Available on Bridges, Returns, Credenzas, & Corner Units. Top clearance is 3". (customer to specify location)	\$445 Each
18. MOD#18	Set of 4 Casters - Available on some Pedestals	\$55
19. MOD#19	Full Wood Panel Set of Doors on Bookcase 72" Tall and under	\$800
20. MOD#20	Full Wood Panel Set of Doors on Bookcase 30" Tall and under	\$375
22. MOD#22	Casegood Units Cutdown — TFL, HPL and Veneer Width Only (cannot affect drawer size, glass or metal items)	15% Upcharge
23. MOD#23	Increase Worksurface or Top Depth from 48"D - 59.5"D — TFL, HPL and Veneer Only (Note: larger tops may require proportionately larger bases and support)	35% Upcharge
24. MOD#24	Specify Built Up TFL Units Only in Two Color Options Must Indicate Specific Laminate Placement <i>(drawing recommended)</i>	No Upcharge

Liability Clause:

This pricing structure represents the more commonly requested product modifications. Although these modifications can be applied to the vast majority of products listed in our price books, some modifications cannot be applied to products with non-standard design features. Please contact your Customer Service Representative if you require assistance.

How to Order:

Example

<u>Qty</u>	<u>MOD#</u>	<u>Model Number</u>	<u>Modification Detail</u>	<u>Options</u>	<u>Price</u>
1	MOD#2	34-10824MCT	cut down to 104" wide	B5A - BUW - G1 - G1	\$1,508 + \$100 = \$1,608

veneer

Exposed surfaces are number one select cherry, walnut, maple or oak veneers. Drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

worksurfaces

Worksurfaces feature 1.1875" thick tops utilizing 5-ply construction. Primary worksurfaces are profiled on approach and user sides; secondary worksurfaces are profiled on user side only. Connecting worksurfaces are reverse coped for a flush fit. Available in four edge options: Bevel, Reed, Transitional and Radius. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

file drawers

All executive file drawers accommodate letter or legal filing and letter-size double file capabilities. Filing hardware is plated to prevent corrosion.

drawer construction

0.4375" thick unidirectional plywood drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25" thick drawer bottoms. Drawer interiors are sanded and finished.

drawer suspension

High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings and a durable finish to ensure a smooth ride.

locking

Pedestal locks secure all drawers with the turn of a single key. Specific key requirements to be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field.

assembly

Units feature tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability. Pedestals are constructed with lock mitre joints for added strength and corners have no visible break in veneers as it wraps around the desk front and sides. Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.
