

# Harbor Work Lounge®

## Seating

Technology has blended all factions of life—work, play, family, travel. People are no longer tethered to a desk, or even an office. Harbor Work Lounge fits in wherever work gets done. Bring what you need for the day, have a seat, and accomplish all you have to do.

### Work. Life. Harmony.

Part task seating, part lounge chair, Harbor Work Lounge offers the support people need to be productive, while making a stylish statement wherever work gets done. Designed by Nicolai Czumaj-Bront, Harbor Work Lounge was created for how we work and live. Have a seat. Everything is at your fingertips.

### Features

Harbor Work Lounge enables mobility and accommodates evolving technology, creating a relaxing space that supports productivity and lets people work the way they want.

**Dual work surfaces** – Provide easy access to work tools for left- or right-handed use.

**Integrated sliding tablet** – Creates an adjustable, active workspace for laptop or notepads.

**Seat wing with cup holder** – Offers space for electronics and personal items, as well as a secure spot for your beverage.

**Matching ottoman** – Doubles as a pull-up stool for quick collaboration or an auxiliary surface for personal items.

### Colors, Materials, Finishes

Choose from a fully or partially upholstered chair shell on a cast aluminum base. Harbor Work Lounge combines form with function, style with convenience. It's a platform that supports your work, no matter what space you're in.
