

Very[®]

Conference Seating

People accomplish a variety of tasks throughout the day. From simple comfort to high ergonomic performance, there's a Very chair for everyone. This family of seating offers versatility in choice and visual consistency in design throughout the building. Give people the natural support they need to stay focused with Very conference chairs and stools—designed for the long-term seating experience in collaborative environments.

HAWORTH[®]

Personalized Comfort

Very seating was born out of global design and science-led comfort, offering ergonomic support for people at work. Conference seating features a unique intuitive recline, ensuring your weight is absorbed and distributed to provide natural support. Its side-to-side torsional flex allows the backrest to follow as you move, increasing mobility and comfort so you can stay focused and engaged.

Features

Haworth collaborates with ergonomic research and development partners to understand the physical relationship between a person and a seating surface. We apply this knowledge to create ergonomic and comfortable solutions that best support people in the seated position.

Back – Provides durability through high-strength polymer with flexing perforations.

Tetro™ back – Delivers soft yet reliable support and unexpected comfort in an innovative one-piece seat back.

Seat – Provides a secure sitting experience through durable, high-strength polymer.

Optional upholstered seat and back pad – Offers additional comfort for longer periods of sitting, as well as aesthetic detail.

Seat height adjustment – Ensures lower limb comfort and eye level.

Weight-assisted recline mechanism – Enables a comfortable, relaxed posture while seated; back tilts backward 14° from upright.

Arms – Available in Black or Fog glass-filled polypropylene hard arm caps for durability and choice in color.

Base – Choose from a standard aluminum or plastic 5-star base; low-position base available.

Stool – Available with adjustable footring.
