

Allsteel®

#19®

Natural veneer: Medium Rift Oak Paint: Silver
Seating upholstery: Tria™ 2 Ebony Frame finish: Aluma

Numerous technologies make #19 a singular innovation with nothing added for appearance alone. It delivers unsurpassed comfort, performance, sitting health, and a distinctive aesthetic perfect for executive offices, conference rooms, and high-intensity workstations. It's designed with 18 integral parts for one equally integral human being.

Ergonomics redefined.

Designed with advanced ergonomic information and technology, #19 is more than an incremental improvement in seating. It advances seating technology without requiring a lot of individual controls. So however you sit, however you move, #19 automatically adjusts to your posture to prevent muscle strain and maximize comfort.

Stratawood: Light Cherry **Storage:** Brilliant White **Paint:** Silver
Seating upholstery: Tria 2 Ebony **Frame finish:** Aluma

Left: Plexus™ lumbar system increases or decreases fabric tension to support your back exactly where you need it, and it can be adjusted while you are seated.

Right: Smooth, self-balancing Avatar™ recline mechanism requires no tension adjustment, keeps your spine in proper alignment, and maintains your line of sight.

Laminate and edge: Columbian Walnut Paint: Silver
Seating upholstery: Wooly Chaps Frame finish: Aluma

Part Human.®

#19 begins with you: how you sit, move, work, adjust, and recline. The chair's purpose is your purpose. It moves naturally with you, keeps you supported in every position, and makes you comfortable throughout the day so you can stay focused on ideas and concentrate on work.

Extended comfort.

Numerous technologies make #19 a singular innovation. The seat and back are designed to keep your body at a comfortable temperature, enhance air circulation, and distribute pressure evenly. So you can work comfortably for extended periods.

Top

VenTech™ thermal weave provides flexible support for every position and regulates heat accumulation and loss, so you're not too hot or cool while working.

Bottom

Tria™ calibrated seat system includes a unique combination of gel, channeled-base foam, and breathable upholstery that distributes pressure and improves air circulation.
