

Product Overview

KnollTextiles upholstery fabrics stocked with Crypton have a moisture barrier encapsulated into the fabric, providing two key benefits:

- Stain, liquid, odor and bacteria resistance, so that nothing penetrates the fabric into the cushion
- Easy cleanability - because each fiber is encapsulated with the moisture barrier, foreign substances can be removed in between the fiber's pores

Cleaning Code

W - water-based cleaning agents or foam may be used for cleaning this fabric. Detailed cleaning instructions available at knolltextiles.com
