The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an "open standard" developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit hpdcollaborative.org.

CONTENT IN DESCENDING ORDER OF QUANTITY

All ingredients must be assessed for health warnings against Priority Hazard Lists, regardless of disclosure level.

Priority Hazard Lists and information on the GreenScreen Benchmarks can be found at www.hpdcollaborative.org/hazardlists.

GS: GreenScreen Benchmark; RC: Recycled Content, PC: Post Consumer, PI: Post Industrial (Pre-consumer), BO: Both; Nano: comprised of nanoscale particles or nanotechnology

Name	CAS RN	% weight	GS	RC	Nano	Role
Hazard A	Warning A					
Hazard B	Warning B					
Hazard C	Warning C					
Hazard D	Warning D					
Hazard E	Warning E					
Notes						
POLYETHYLENE	9002-88-4	98.41 %	LT-U	во	U	Material of entire lounge structure
None found	No warnings found on HPD Priority lists					
Less than 1.1% recycle	ed content; 0.6% pos	et consumer and 0.9	5% post ind	ustrial		
IRON	7439-89-6	0.86 %	LT-U	U	U	Surface Mount Plates (2)
None found No warnings found on HPD Priority lists						
ETHYLENE	74-85-1	R	LT-U			Additive - Reactive
CANCER	MAK: Carcinogen Group 3B - Evidence of carcinogenic effects but not sufficient for classification					
FLAMMABLE	EU H-Statements: H220 Extremely flammable gas.					
added with a catalyst t	o form plastic.					

CERTIFICATIONS AND COMPLIANCE

Certifying Party = First: Manufacturer's self-declaration; Second: Verification by trade association or other interested party; Third: Verification by independent certifier (ideal).

Applicable facilities = Manufacturing sites to which testing applies.

Condition when required or recommended and/or other notes				
Hardware				
Chill Lounge can be either freestanding or surfaced mounted with threaded inserts.				

NOTES

Chill is manufactured through another organization, Hedstrom. Their official statement concerning PE that they use for the Chill Chaise is as follows: "Regulatory Status MP 635-662 meets the requirements of the Food and Drug Administration regulation 21 CFR 177.1520. This regulation allows the use of this olefin polymer in "...articles or components of articles intended for use in contact with food." Specific limitations or conditions of use may apply. It is NFS listed also." *There is no data source document for the iron used for the surface mount plates because Hedstrom considers their vendors proprietary information."
