Carlisle

George Yabu and Glenn Pushelberg

The Carlisle chair offers the stylish comfort of a vintage club chair, but scaled down for today's interiors. This impeccably urbane "chair-about-town" looks at ease in diverse settings – corporate lobbies and lounges, boutiques, airport lounges, bars and Manhattan penthouses – to name just a few. Due to the number of upholstery options available, Carlisle can have a tailored, professional appearance or sportier look.

Frame:

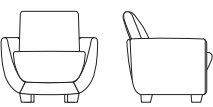

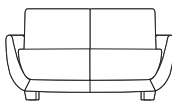

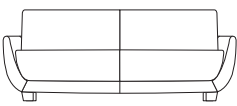

Molded rigid polyurethane frame with a soft molded foam exterior. The frame can be upholstered in leather, fabric or vinyl. The upholstery option for the frame can be contrasted to that chosen for the seat and back.

Seat and Back:

The seat is molded rigid polyurethane with a soft molded foam exterior and the back is plywood construction with a soft molded foam exterior. Upholstered in leather, fabric, vinyl or a combination. Upholstery for the seat and back can be contrasted with the chair's frame.

Base:

Legs are solid maple and can be finished in standard Nienkämper stains or upholstered to match the frame. The swivel disk base is upholstered to match the frame.
