Key Features

1. **Integrated PostureFit** supports the sacral region to nurture the natural S-shape of the spine and activate a healthful posture.
2. **Self-adjusting synchronous tilt** ergonomically supports a wide range of users without the need to adjust.
3. Layered foam of different densities on a **contoured seat** pan ensures minimal pressure points and long-term comfort.
4. **Mid-back and high-back** options provide users with aesthetic and application choice.
5. Available in **eight color flood options** that bring together one hue across the base, arms, and chair body to highlight Asari's sculptural form.
6. Three Maharam material options—**Meld, Luce, and Stow Leather** combined with an alpine or graphite finish—allow Asari multiple configurations.
