Polly Chair & Stool
Everyday versatility.

The everyday chair takes a playful tone with Polly. Available as a side chair, meeting chair or stool, Polly adds just the right touch of fun and function to flexible, collaborative seating used for auditoriums, hospitality, education and public spaces.

This playful chair comes in an array of 10 diverse colours that will personalise any space: from bright and punchy to more classic tonal choices, all featuring 100% recyclable materials.

Named after its polypropylene seat shell, Polly enables users to enjoy a comfortable sit whether it's in a coffee shop, a collaboration zone, lecture hall or meeting room.

NaughtOne offers PEFC certified products
INDOOR ADVANTAGE GOLD FURNITURE

Where sustainable sources are quoted, and a chain of custody is required by a customer, this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected. We have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages. Material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

Recyclable Content

CSR Statement

We care a great deal about the sustainability of our products. At every stage of the process – from design to manufacturing to shipping – we seek to minimise our environmental impact. Our 10-year warranty speaks of our commitment to making quality, durable furniture that does not need to be regularly replaced. We offer FSC® certified upholstered products and use recycled metals in our table ranges. We have manufacturing facilities in North America to reduce freight miles in our largest market. And we offer an innovative Take-Back Programme that enables clients to return products to us at their end of life so we can recycle the parts. We are proud of what we have done, but we are ready to go further.
