

# Axa Folding Chair

Axa is a lightweight, attractive, and functional metal folding chair for use in busy healthcare environments—and it's comfortable too. The contoured seat and backrest provide convenient support for guests in patient rooms, where two folded chairs hung from a wall hook take up virtually no space. Durable construction and a safety mechanism that prevents accidental fold-outs meet hospital standards for longevity and reliable use.

## Designers

Giancarlo Bisaglia

## Benefits

- Contoured seat and backrest provide exceptional comfort
- Folds securely for safe and efficient storage
- Color-integrated materials and cleanable upholstery options maintain a fresh appearance

## Warranty

5 years
