pilot

transitional modular casegoods

transitional modular casegoods

another day,

**people work,**

you surround yourself,

getting it done.

## **pilot**

*Transitional casegoods designed using basic components to create clean, cost effective spaces that work. Combine worksurfaces and storage units to specify an office with solutions you need and can afford. Pilot also offers conference support furniture to balance your budget. It's a smarter way to work.*

## **workstations**

*From individual work areas to conference areas, the flexible design of **pilot** will be the basis for your specification needs. Worksurfaces are available in the unique cockpit surround and a variety of shapes and sizes that can be linked together for efficient work areas. Filing and storage solutions range from full-depth, pedestal filing to simple lateral files, hutch and credenza units.*

## **materials and design detailing**

*Sophisticated, clean design detailing allows Pilot to integrate into any office environment. Basic rectilinear configurations can be upgraded to management or executive level office styling by specifying the cockpit surround. The even graining of our select Cherry veneers finished in Mahogany add a timeless quality to **pilot**.*

## **modularity**

*Transitional casegoods centered around the basic building blocks of surfaces and storage just make sense. But more enlightened is offering timeless, clean design at an affordable price. Whether it is office or conference solutions, your new design classic is **pilot**.*

you leave the office,

**after a productive day**

transitional modular casegoods

**pilot**

*Surround yourself in a working cockpit for maximized efficiency. Individual workstations, management and executive offices are created using the building blocks of this transitional, freestanding casegoods line.*
