### Installation Notes

Install this product according to the installation guide.

A wall-mount faucet is recommended. When selecting a wall-mount faucet, ensure the spout will reach a minimum of 4" (10.2 cm) over the rim of the lavatory and the stream of water is directed toward the center of the lavatory basin.

For above-the-counter installations, the lavatory must rest on a countertop. Consider height of product when planning the installation.

**NOTICE:** The countertop manufacturer or cutter **must** use the cut-out template provided with the product, or a current one provided by the Kohler Co. (Call 1-800-4-KOHLER.) Kohler Co. is not responsible for cutout errors when the incorrect cut-out template is used.

Fixture dimensions are nominal and conform to tolerances in ASME Standard A112.19.1M.
