Installation Notes

Install this product according to the installation guide.

Due to the special nature of this installation, Kohler Co. recommends that an experienced cabinet maker use the actual sink to build the new cabinet or modify an existing cabinet.

For undercounter installations, allow a 3/4" (1.9 cm) reveal to support the K-5984 cutting board.

Fixture dimensions are nominal and conform to tolerances in ASME Standard A112.19.1M.
