

## Product Information

|   |  |                      |
|---|--|----------------------|
| Applicable product:                             |  |                      |
| Undercounter sink                               | K-3159 (ships as K-3388)                 | shown                |
| Undercounter sink with mirror finished rim      | K-3159-H                                 | shown                |
| Fixture*:                                       | Basin area                               | Water depth          |
| Sink, left                                      | 14-7/16"<br>(36.7 cm) x<br>14" (35.6 cm) | 9-3/16"<br>(23.3 cm) |
| Sink, right                                     | 14-7/16"<br>(36.7 cm) x<br>14" (35.6 cm) | 9-3/16"<br>(23.3 cm) |
| Drain holes                                     | 3-5/8" (9.2 cm) D.                       |                      |
| * Approximate measurements for comparison only. |  |                      |
| Included components:                            |  |                      |
| Hardware kit                                    | 91915                                    |                      |
| Cut-out template                                | 1021992-7                                |                      |

## Installation Notes

Install this product according to the installation guide.

Allow a minimum of 3" (7.6 cm) clearance around the sink rim for clip attachment.

Fixture dimensions are nominal and conform to tolerances in ASME Standard A112.19.3.
